Good morning,

In accordance with Licence MV2016L8-0007, Carter Industries must submit an Annual Water Licence Report by March 31 of each year.

We would also like to remind Carters Industries that the following plans are overdue and require submission and Board approval as soon as possible:

- Closure and Reclamation Plan, required in accordance with Part I, condition 1 of Licence MV2016L8-0007. This Closure and Reclamation Plan was expected to be submitted by October 6, 2017;
- Final Detailed Construction Design Drawings and Specifications, required in accordance with Part E, condition 6. The Final Detailed Construction Design Drawings and Specifications for any Engineered Structure associated with the Licence were expected to be submitted by June 30, 2017;
- As-Built Reports, required in accordance with Part E, condition 9 of Licence MV2016L8-0007. The As-built Reports were expected to be submitted within 90 days of completion of any Engineered Structure associated with the Licence; and

The Inspector has also recently noted that according to Part B, condition 8, all signage should be in place within 60 days of licence issuance and that SNP station signs had not yet been posted (last inspection date).

Please provide the Board with an update on all outstanding submissions and actions identified above.

Thank you,
