Dear Mr. Pike:

Quarry Permit No.: 2016QP0014 – Final Quarry Pit Return – Verification
LUP No.: MV2016Q0014
Location: KM 19.5 & 20, Hwy No. 6

Further to your recent telephone conversation with our Inspector, Leslie Wiltzen, we have been advised that no further material has been removed from this pit since your last reporting on January 15, 2019. Considering your quarry permit expired May 8, 2019, our Inspector has advised that the report dated January 15, 2019 will be considered the final return for Quarry Permit 2016QP0014.

As you were authorized to remove 950 cubic metres of gravel under this permit and report that 378 cubic metres was removed, you have met the requirements of your quarry permit.

If entitled, you may receive a refund of \$858.00 under separate cover. We draw to your attention the *Financial Administration Act* (S.57), that the Comptroller General may retain money by way of deduction or set-off out of money payable to a person by Government out of the Consolidated Revenue Fund or by a public agency, if that person owes money to Government or a public agency; or Government or a public agency has made an overpayment to that person; or that person received an accountable advance and has not repaid or accounted for it.

Should you have any questions regarding closure of your permit, please contact our Land Use Advisor, Charlene Coe, at (867) 767-9187 ext. 24194. Should you have questions on your account with the GNWT, you may contact Corporate Credit and Collections at 1-800-661-0820 [select option 8].

Sincerely,

Derise Rehm-Lepine
