Sean,

All sounds good and thanks for addressing the Inspector's concerns from the Environmental Inspection Report.

Regards,

Clint

Subject: Re: Non Reportable Spills Listing - DDM ULC Glowworm MV2017C0022

Hello Clint,

A visit to the Glowworm fuel cache was completed on Thursday May 2, 2019.

The primary purpose of the visit was removal of strip markers which were left behind when the fuel mobilisation camp was closed. This task was completed.

Further, no spills were identified during the visit.

Please let me know should you have any questions in relation to this notice.

Regards,

Sean
