Dear Patrick,

Thank-you for submitting the technical memorandum/interim report for fieldwork conducted under Permit 2019-014. We have reviewed the report and concur with management recommendations outlined below:

- No further work is required for Camp 1 option;
- No further work is required for Camp 2 option;
- Archaeological Site LdNp-1 is located within the vicinity of Camp 3. This location should be avoided until the archaeological site and surrounding area can be further assessed.

Sincerely,
