**Subject:** Glowworm Project Field Work - Dominion Diamond Mines ULC MV2017C0022  
**Date:** July 5, 2019 3:18:39 PM

---

Hello,

Please accept this notice that on or after Sunday 7 July, crews will attend the Glowworm project area for field work.

Program scope will include till sampling and ground truthing and duration is expected to be about three weeks. Crews will lodge at HW Camp (MV2012C0009) and mobilise to the work area by helicopter. A temporary shelter for emergency use and general weather protection will be set up at the Glowworm Lake fuel cache (UTM NAD83 Zone 12W 579327 7174624) and fuel will be drawn from that cache. Secondary containment will be used as required and spill kit available.

Senior Project Manager - Chris Hrkac - [chris.hrkac@aurorageosciences.com](mailto:chris.hrkac@aurorageosciences.com) - 867.445.3666  
Alternate - Sean Marshall - [sean.marshall@aurorageosciences.com](mailto:sean.marshall@aurorageosciences.com) - 867.445.1122  
Program Field Supervisor - Goran Markovic - [goran.markovic@aurorageosciences.com](mailto:goran.markovic@aurorageosciences.com) - 867.920.2729 x 701

Should you have any questions regarding this notice, please let me know.

Sean
