Hi Julian: see attached which should have gone to you. My apology. Sorry about the confusion yesterday as I went back through my email and Jen had said that you were away (this was copied to you) and that she and I would meet at 1 p.m. – later changed to 1:15.

Anyhow, it was great to put a face to a name and bring you up to speed on the current next steps (exploration agreement, registering of claims, and amendment application). You mentioned that if we wanted to put our case forward with respect to terms and conditions that this could take place in the amendment (am I right on that? Or is it handled separately). As I understand it the Board is amenable to these types of requests as long as presented well. You also mentioned that you could email me the procedure for such.

I mentioned that I thought there was a “glitch” with the online system whereby interested parties could send letters of support to the MVLWB for the project, but apparently that is not the case – but was a misunderstanding on how to use the online portal. People could send their letters directly to you. Is that correct?

With regards to the site tour, I completely understand how busy the Board is, and since you mentioned that you had been to the Pine Point project several times, it isn't a requirement for you.

As I mentioned, Judy is travelling up to Hay River on Sunday and hopefully will have time to come to Yellowknife to meet with you also.

Kind regards

Denise Lockett  
Manager, Community Relations  
Pine Point Mining Limited.

August 29, 2017

Ms. Rebecca Chouinard, Executive Director  
Mackenzie Valley Land and Water Board  
P.O Box 2130,  
Yellowknife, NT X1A 2P6  
*Via email*

Dear Ms. Chouinard:

Re: Notice of Name and Address Change

You may have received a copy of the attached notice announcing the change from Darnley Bay Resources Limited to Pine Point Mining Limited. The purpose of this note is to request that the name change be reflected on our Land Use Permit MV2016C0023 an MV2017C0024.

In addition, I would like to bring to your attention that the corporate head office has changed from

365 Bay Street, Suite 400  
Toronto ON, M5H 2V1, to

1700 – 80 Richmond St. West  
Toronto, ON M5H 2A4

Please let me know if there is a fee for these changes and if you require any additional information.

Sincerely,

A handwritten signature in black ink, appearing to read "Jamie Levy", is written over a circular scribble.

Jamie Levy  
President

## **DARNLEY BAY RESOURCES LIMITED CHANGES NAME TO PINE POINT MINING LIMITED**

**Toronto, Ontario – August 8, 2017 – Pine Point Mining Limited (TSXV: ZINC)** (the “**Company**”) announces that, further to its press release of July 18, 2017, it has changed its name from “Darnley Bay Resources Limited” to “Pine Point Mining Limited”. The Company has also changed its ticker symbol from “DBL” to “ZINC”.

Shareholders of the Company approved, among other things, the name change at the Company’s annual and special meeting of shareholders on July 17, 2017.

Effective at the opening of the market today, the common shares of Pine Point Mining Limited will trade on the TSX Venture Exchange under the symbol “ZINC”. The CUSIP number assigned to the Company’s shares following the name change is 722730108.

The Company is launching a new website at [pinepointmining.com](http://pinepointmining.com). A temporary site is available currently and the full site will be up in the near future.

Stanley Clemmer, a Qualified Person under NI 43-101, reviewed and approved the scientific and technical information presented in this press release.

### **About Pine Point Mining Limited**

Pine Point Mining acquired a 100% interest in the Pine Point lead-zinc project in December, 2016. Since that time a positive Preliminary Economic Assessment (PEA) on the project showing a robust mining operation which, over a 13-year mine life, would have an after-tax net present value of \$C210.5 million and internal rate of return of 34.5%, with a payback of 1.8 years. The study assumed a zinc price of US\$1.10 per pound and a lead price of US\$1.00 per pound, and used an exchange rate \$C:\$US of 0.75. The PEA was prepared by JDS Energy and Mining and is based on a mineral resource estimate for the Pine Point project published as a National Instrument 43-101 technical report with an effective date of April 18, 2017. To view further details of the study, please see the press release of April 18, 2017 [click here](#).

**Forward-Looking Information**

*This release includes certain statements that may be deemed “forward-looking statements”. All statements in this release, other than statements of historical facts, that address future production, reserve potential, exploration drilling, exploitation activities and events or developments that Darnley Bay expects are forward-looking statements. Although Darnley Bay believes the expectations expressed in such statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the statements. There are certain factors that could cause actual results to differ materially from those in forward-looking statements. These include market prices, exploitation and exploration successes, continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. For more information on Darnley Bay, investors should review registered filings at [www.sedar.com](http://www.sedar.com).*
