Alex –

When you are checking your notes tomorrow for hectares, I also wanted to confirm the following too please:

- I believe that the waste management plan should be the July 2016 version instead of the April 2016 version. Can you confirm, or state that you want to use the July 2016 version as this was the last one approved. http://registry.mvlwb.ca/Documents/MV2011L2-0004/MV2011L2-0004%20-%20De%20Beers%20Snap%20Lake%20-%20ECM%20Waste%20Management%20Plan%20-%20Confirmation%20of%20Conformity%20Jul26-16.pdf

CONFIRMED

- Term applied for is 5 years?

CONFIRMED or whichever duration can be applied for ECM (8-10 possible?)

- Are there any updates/changes to your mineral claims or leases since the last time the project was screened?

No changes

- Please confirm or state what De Beers’ expectations are for reclamation security for this comprehensive permit. Please call if you have questions –

We were requesting no change to the security although we have not built both fuel tanks

Thanks

Jen

Hi Jen,

It does include the 150 application fee but will need to check my notes when I am in the office tomorrow to double check hectares.

---

One more – the land use fee receipt indicates only land use fees and not application fee. And then then app doesn’t have the number of hectares you wanted. So- does the $9,730 include the 150 application fee? And then how many hectares are you applying for?

(Like Angela, Kierney is also away on training and I have lots of questions to get back up to speed on this file)

Thanks

Alex – I’d like to confirm that this is correct for your new permit application - The purpose of this Application is to allow for the potential continuation of the activities currently covered by the existing Permits, but to combine them into one authorization.

Basically you want a combo permit of the existing conditions. Right?

Thanks

Jen

Hi Jen,
We would like to use the one that was already approved. I included it in the printed package but may have omitted it in the e copy.
So sorry for that.
Alex

Hey Alex –

I’m wondering if there is an Engagement Plan associated with the renewal application that you submitted, or is there some intention to use the one that is already approved? I do see the log and the presentation though.

Thanks

Jen for Kierney
