Re: Land Use Permit # MV2017X0009

Coromandel Aurora Lodge LP would like to exercise the option of not extending Land Use Permit #MV2017X0009 and thereby closing out the permit.

Please note, during the 2 years term, that the Permit was never activated by Coromandel Aurora Lodge LP and therefore no environmental impact was realized to the lands, waterways or wildlife.

Our company would like to thank the Mackenzie Valley Land and Water Board for the consideration and granting of the request and issuance of the permit in 2017.

Respectfully:

Lloyd Xie
