Hi Kyle.

It looks like we will be able to get started later this week.

Any questions feel free to contact me at 403-206-3859.

Hi Kyle,

As we discussed we are planning on going into Celibeta and Liard East this year, had the Liard East well wrong it is J-76, the camp is at C-76. I have cc'd James who is in charge of construction here at the office. Our ideal timing would be mid-December to get started but obviously dependent on weather.

I am out of the office from mid next week until December 9 but will have access to email, just might be delayed in responding.

Permits will be MV2013a0013 (expiry November 2020) and MV2018a0022 (expiry December 2023).

If you have any other questions feel free to contact me.

Terence

Good afternoon Terence,

I just wanted to touch base with you about the abandonment of the Celibeta H-78 site that is proposed to occur this winter.

I know we discussed that work wasn't probably going to commence until the new year after the holidays. Is that still the plan?

With other wells in the area is there any plan to also abandon those sites, or is the plan to stick to just the H-78 site? Are you planning any other work in the Liard area?

Thanks in advance for taking the time to update me on the proposed winter work for the year.

Regards,

Mársı | Kinanāskomitin | Thank you | Merci | Hąj' | Quana | Qujannamiik | Quyanainni | Máhsı | Máhsı | Mahsi
