Dear Mr. Morse,

RE: Pine Point Mining Land Use Permit

This letter is to support the Pine Point Mining Limited Land Use Permit and Type B Water License. The Ptarmigan Inn is part of the Rowe's Group of Companies and we have always been a proud supporter of Northern Development, particularly when it is in an area where we do business.

The project being proposed by the Pine Point Mining Limited is one that would bring additional jobs to the South Slave area and would be a benefit to the local economy. Which is something we continue to support. We look forward to having the Pine Point Mining Limited as one of the many growing businesses in our area.

Sincerely,

Terrance Rowe
General Manager
