Dear Ms. Seale and Mr. Richea:

**Information Request – RECLAIM Security Estimate – Pine Point Mineral Exploration Project**

The Mackenzie Valley Land and Water Board (Board) would like to thank the Government of Northwest Territories – Department of Environment and Natural Resources (GNWT-ENR) and Department of Lands (GNWT-Lands) for participating in the public review of Pine Point Mining Limited (PPML)'s Water Licence (MV2018L2-0003) and Land Use Permit (MV2018C0005) Applications.

In GNWT's comments on the Applications on the Online Review System (ORS), GNWT indicated it is open to revisiting the RECLAIM estimate given that PPML provides further detail and information on the scope and scale of the activities in any given year. On May 9, 2018, PPML's response was submitted.

Board staff is requesting that GNWT review PPML's estimate, and if they determine revisiting the GNWT estimate is warranted, that a revised estimate is submitted to the Board no later than 5:00 PM, Friday May 11, 2018. If this timeline cannot be met, Board staff request that GNWT respond as soon as possible with a suggested timeline.

If you have any questions concerns regarding this information request, please feel free to contact me at (867) 766-7465 or via email at jho@mvlwb.com.

Sincerely,
