Dear Hussey:

Information Request (IR) – Pine Point Mineral Exploration Project – Pine Point Area

On May 9, 2018, Mackenzie Valley Land and Water Board (MVLWB or Board) staff received Pine Point Mining Limited (PPML)'s responses on the Online Review System (ORS) regarding the Applications for Water Licence (Licence) MV2018L2-0003 and Land Use Permit (Permit) MV2018C0005 for Mineral Exploration.

Board staff notes that PPML currently holds a Permit MV2017C0024 for Mineral Exploration at the Pine Point Area and PPML has explicitly applied for the Licence MV2018L2-0003 and Permit MV2018C0005 to be independent of the Permit MV2017C0024. However, Board staff have identified that the Application of the Licence MV2018L2-0003 should incorporate the activities of both Permits (MV2017C0024 and MV2018C0005) as the scope and maximum water use of the Licence should apply to all of PPML's drilling activity.

In order to ensure a clear and open regulatory process, Board staff is requesting PPML to amend its Applications for Licence MV2018L2-0003 and Permit MV2018C0005 to incorporate the activities of Permit MV2017C0024 accordingly. Please submit all relevant information for the Board's consideration. The additional information will be distributed for review prior to the Board's decision.

Please submit your response by **June 5, 2018**. If this timeline cannot be met, please respond as soon as possible with a suggested timeline.

If you have any questions or concerns regarding this letter, please contact me at (867) 766-7465 or email jho@mvlwb.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'J Ho', with a long horizontal flourish extending to the right.
