Subject: Sambaa K'e First Nation Water License (MV2018L3-0001) – Request for extension of response period

Dear sir or madam,

PlanIt North is supporting Sambaa K'e First Nation (SKFN) in its application for license MV2018L3-0001. Due to a heavy schedule, SKFN staff and leadership have been unable to complete a response to all reviewer questions by the May 22nd deadline. PlanIt North requests an extension of two weeks to the response period, with a new deadline of June 5, 2018.

Sincerely,

A handwritten signature in black ink that reads "Alexis Jorgensen". The signature is written in a cursive style.

Alexis Jorgensen
