Good afternoon Jacqueline, An apology for any confusion. Derise and I concur the dredging would be beneficial to MTS and Island "C" and have no problem with the Town's application. Please proceed with the application process. Thanks, Gary

Hello everyone,

I understand that there is a conflict on whether Town of Hay River is authorized to deposit dredged material on Lot 1057 Plan 977, which is Commissioner's Land. It would be great if I could get one answer from the GNWT on this matter before this is presented to the Board. Thank you kindly,

Jacqueline
