851791 NWT Ltd o/a Rowe's Construction

February 2018

Project ID: Land Use Permit - Km 100 Hwy 1  
Date of Submission: February 14, 2018  
Submitted by: Florian Mandsfeld – Environmental  
Coordinator – Rowe's Construction  
Submitted to: Mackenzie Valley Land and Water  
Board (MVLWB)

## Engagement Plan

This Engagement Plan is to inform any potentially affected parties of the nature and extent of the application for a Land Use Permit with the intention of extracting gravel. Furthermore this plan provides the opportunity to comment on the operation and raise any concerns or questions.

The purpose of this engagement is to address any concerns in regards to the proposed land use.

Affected parties/ communities will be engaged throughout the life of the Land Use Permit, prior to renewing, extending, altering the terms or upon expiry of the agreement.

A list of affected parties was provided by Tyree Mullaney from the Mackenzie Valley Land and Water Board (MVLWB). The list included name, organization and email address and can be seen in Appendix A. In total, 34 potentially affected parties were contacted via email in an initial engagement with the following email:

*I would like to take the opportunity to advise that Rowe's Construction is in the process of applying to:*

- 1) the Government of Northwest Territories, Department of Lands for a Quarry Permit and*
- 2) the Mackenzie Valley Land and Water Board for a Land Use Permit.*

*Both, Quarry and Land Use permits, are to establish a quarry located at Highway 1, kilometre 100 for the purpose of removing gravel. This proposed quarry is located in between our existing quarry at kilometre 99.7 and the GNWT quarry at kilometre 101.1.*

*Please see attached a map with the outline and coordinates of the proposed quarry.*

*Should you have any queries or concerns regarding the application for the Quarry Permit or Land Use Permit, please do not hesitate to contact our office so that we may address your questions or arrange a meeting to discuss:*

*Email: [fmandsfeld@rowes.ca](mailto:fmandsfeld@rowes.ca)*

*Ph: 867 874 3243*

*Fax: 867 874 6558*

*In the case you have no further concerns or questions at this time, we would like to request a written confirmation via email or fax.*

*Thank you.*

A map, showing the outlines of the proposed quarry, coordinates and adjacent areas, was attached to the email. These initial emails were sent out on January 12th and 15th. A follow up engagement email will be send out on February 19th to complete this stage of engagement. A preliminary Engagement Log is attached to the application and will be submitted in complete form once the first engagement stage is finished.

Dear Mr. Mandsfeld:

**Quarry Permit No.: 2018QP0007**  
**LUP No.: (Pending)**  
**Location: Highway No. 1 KM 100**

Further to your application dated January 31, 2018, enclosed is Receipt No. 171582 and Quarry Permit No. 2018QP0007. This permit grants authorization to remove 3000 cubic metres of gravel from the location indicated above.

Please note that you must be in receipt of a valid land use permit, issued by the Mackenzie Valley Land & Water Board prior to commencing operations at this location. Please ensure that you comply with all conditions annexed to this quarry permit and the land use permit once it has been issued.

Prior to commencing your quarry operation, please contact our Inspector, Norm McCowan, at (867) 874-6994 ext. 24.

Sincerely,

Scott Stewart
