Subject: Km 100 Quarry

Hello, Ron – With respect to the previous correspondence between Rowe’s Construction and the Kát’odeeche First Nation (KFN), we understand that Rowe’s is committed to establishing a formal working relationship with KFN with respect to its proposed quarry at km 100 of Highway 1. With that commitment in place, we can jointly deal with any interests and concerns KFN might have and move development of the quarry forward. KFN therefore supports your current application for that quarry. You may use this email as part of the record of your consultation obligations.

Peter Redvers
Director of Lands, Resources, and Negotiations
Kát’odeeche First Nation
