Dear Ms Mullaney,

Re: Notice of Discontinuance of MV2019J0019 for Redbed Resources Corp.'s Type
A Land Use Permit

We would like to request a discontinuance of permit MV2019J0019 as we have completed the work requested in the permit and have applied for new permit MV2019C0029 covering the same activities and adding exploration drilling to the permit. By discontinuing permit MV2019J0019 we will not have to administer two authorizations.

Please note that:

- Work completed in 2019 included soil sampling, prospecting and preliminary magnetic surveys
- The 3-man crew was flown on site in a helicopter by South Nahanni Outfitters and all transportation during the program was by foot.
- Crew was onsite for 10 days
- See map below for location of exploration completed
- Property coordinates are
N.T.S. 095 L/10, 15; 095M/2,6,11,14
62° 36' 28" to 63° 47' 00" North
126° 31' 35" to 128° 02' 54" West
