Dear Mr. Harpley:

**Re: Waste Management Plan, Spill Contingency Plan, Effluent Treatment Plan, and
Minewater Treatment Contingency Plan - Resubmission Extension Request
Canadian Zinc Corporation – Prairie Creek All Season Road Project**

The Mackenzie Valley Land and Water Board (MVLWB or the Board) met on February 7, 2020 and reviewed your extension request (dated November 27, 2019) for the resubmission of management plans required as per Water Licence MV2019L2-0006 and Land Use Permit MV2019C0011.

The Board has decided that an extension request of five months would result in a submission date too close to the anticipated start of mine operations (May 2020) to allow for adequate review of the management plans. The Board hereby approves an extension request of **three months** to the submission deadline of December 8, 2019. The new resubmission deadline for the management plans is **March 9, 2020**. This pertains to the following management plans: Waste Management Plan, Spill Contingency Plan, Effluent Treatment Plan, and Minewater Treatment Contingency Plan.

If you have any questions or concerns, please contact Andrew Wheeler at (867) 766-7467 or email awheeler@mvlwb.com.

Yours sincerely,
