Good afternoon Tim, Clint and Shannon,

As per Condition 9 of LUP MV2019X004, I am advising you that all equipment demobilization from site will occur between the 6th and the 14th of October 2019. MTS has informed Englobe that they would be able to reach site either on the 6th or the 8th of October. We expect that 4-5 days will be required to load the barge(s). All site cleanup and reclamation of the land used will be completed at that time.

If MTS comes back with any schedule change, I will keep you informed.

Meilleures salutations / Best regards.

Jean-Pierre Pelletier, B.Sc.
