Cost Estimate for Closure and Reclamation of Quarry KM 486, Hwy #1

The original plan was to re-use the overburden pile at the Western perimeter for restoration of the site. A D-3 Cat will be use to spread the overburden evenly over the site area. A grader can then be used to slope the site no greater than 2:1 to ensure stability of the land.

Cost Estimate:

D-3 Cat 10 hours @ 185/hr	1850.00
Grader 4 hours @ 160.00	1600.00
Lowbed 4 hours @ 175.00	1750.00
1 Supervisor 2 days @ 500/day	1000.00
1 labourer 12 hours @ 30.00/hour	<u>360.00</u>
	\$6560.00
