**Subject:** Extension for Snare Water Licence Report Submission

Hello Roberta and Anneli,

We would like to request an extension for the annual water licence report submissions for the Snare Hydro facility. We would like to submit the report by April 30, 2020. As with many organizations in the NWT the COVID-19 pandemic has reduced available resources and diverted remaining resources to critical tasks during this period. The deadline extension would allow NTPC more time to complete the required reporting given reduced resources.

Please let us know if this is alright and if there is any other information we can provide in the meantime.

Thanks for your time,

Matt
