Good Morning Susan

The SLWB will extend to reporting deadline to November 30, 2010 as requested by MGM. I look forward to reading it.

On a different note, I was looking forward to meeting you during the community meetings here in Norman Wells last week. It was a good presentation by Roy and Dick and it was nice to meet them. Now all we have to do is get you and Shirley down here. Take care.

SLWB

Joan Gordey

Regulatory Director

Quoting Susan Sevchenko :

Good Afternoon,

Please find attached a letter from MGM responding to a letter sent from the Sahtu Land & Water Board to Apache Canada dated April 15, 2010 regarding the above mention permits. Please contact Shirley at shirley.maaskant@mgmenergy.com for questions or concerns.

Attention: Joan Gordey, Regulatory Director

Dear Joan,

**RE: Water Licence S03L1-016
Land Use Permit S03A-008
Extension Request for Report – Response to SLWB April 15, 2010 Letter
Our Files: 18-2503**

Apache Canada as operator of the subject land use permit and water licence has retained MGM Energy Corp. (MGM) to address issues raised by the Sahtu Land & Water Board (SLWB) in its April 15, 2010 letter regarding the subject permits. The SLWB requested a report on further investigations of Nogha K-14 and Nogha B-23 wellsites and campsites by September 30, 2010. MGM respectfully requests an extension of the reporting deadline to November 30, 2010.

MGM conducted summer 2010 site inspections and acquired certain soil samples. The laboratory results from these samples have just recently been received. It is MGM's intent to incorporate the findings from the lab results into the Summer 2010 Site Inspection Reports and proposed next steps. The reporting extension request is to ensure a more complete report is submitted to the SLWB.

If you have any questions or concerns, please don't hesitate to contact me at shirley.maaskant@mgmenergy.com.

Yours truly,
MGM Energy Corp.

Shirley Maaskant
Manager, Regulatory and Community Affairs
