Dear Ms. Tobac,

Re: Land Use Permit Application S03A-008
Water License Application S03L1-016
Proposed Drilling Program – Nogha/Tunago Lake

On behalf of the Behdzi Ahda" First Nation Council and the BAFN Renewable Resource Council, I would like to acknowledge that we held a series of consultation meeting with Apache Canada LTD. over the summer and fall and are quite comfortable with the outcome of these meetings.

Therefore, on behalf of the Behdzi Ahda" First Nation Council and the Renewable Resource Council I would like to support Apache Canada LTD. in their plans to initiate a drilling program as per the above application.

Sincerely,

Sharon Tutcho
Acting Chief
