Re: Husky Oil Operations Limited – 2012 through to 2020 Summer Inspection Reports for Water Licence S05L3-003 (Keele Staging Area)

Husky Oil Operations Limited (Husky) is submitting the following information for completeness in response to the requirements outlined under the Terms and Reference and Conditions of Water Licence S05L3-003 (Keele Staging Area). Part B, Subpart 6 of the Terms and Conditions states that the Licensee shall submit to the Board, not later than (30) days after the annual summer site inspection, a report detailing the results of the inspection as set out in Part E.

As the S05L3-003 permit expired September 1, 2010 and the last scheduled Summer Inspection Report was submitted by Husky August 15, 2012 with no additional action recommended, no subsequent action or Summer Inspection Reports were conducted. For completeness, please accept this as confirmation that no activities were conducted on the Keele Staging Area for the 2012 to 2021 time period.

I trust this meets the information requirements for the Summer Inspection Reports under Water Licence S05L3-003. If you have any questions, please contact the undersigned at (403) 298-6343 or by email (Laurie.Henderson@[huskyenergy.com](mailto:Laurie.Henderson@huskyenergy.com)).

Regards,

HUSKY OIL OPERATIONS LIMITED
