Dear Mr. Hansen,

Re: Husky Oil Operations Limited – Approval of the Request for Deferral of 2015 Surface and Groundwater Monitoring Event for Land Use Permit S12X-006 (Groundwater Investigation Program)

Thank you for your letter dated April 14, 2015, requesting a waiver to the requirement, as per Land Use Permit S12X-006, for annual surface and groundwater monitoring program associated with the Slater River Project for the calendar year 2015.

The Board recognizes that the monitoring program is subject to revision and modification as new information becomes available. Given that Husky does not have any exploration plans for the Slater River Project in 2015, the Board has approved the request to defer the Annual Groundwater Monitoring Program for the calendar year 2015. The Board will be discussing the waiver of the requirement for Annual Surface Water Monitoring Program in its upcoming meeting on June 29, 2015.

If you have any questions or concerns, please contact Bakhtiyor Mukhammadiev at (867) 598-2413 ext. 223 or email at b.mukhammadiev@slwb.com.

Yours sincerely,
