Ms. Jenica von Kuster
Environmental & Regulatory Advisor-NWT
Husky Oil Operations Limited
Box 6525, Station D
Calgary, AB T2P 3G7

Dear Ms. von Kuster,

Re: Husky Oil Operations Ltd. - Request for Approval of 2018 Targeted Surface Water Monitoring Event and Request for Deferral of 2018 Groundwater Monitoring Event for Land Use Permit S12X-006 (Groundwater Investigation Program) - Approval

Thank you for your letter dated August 8, 2018, requesting an approval of the 2018 targeted surface water monitoring and deferral of the annual groundwater monitoring program associated with the Slater River Project for the calendar year 2018.

Given that Husky does not have any exploration plans for the Slater River Project in 2018, the Board has approved the request to defer the Annual Groundwater Monitoring Program for the calendar year 2018. The Board has also approved the 2018 Targeted Surface Water Monitoring Program. The Board has approved this program with an understanding that the scope of Husky's work on the program in 2018 is the same as the 2015 program, as described in Husky's letter to the Board dated August 17, 2015 and the Board's confirmation letter dated September 29, 2015.

If you have any questions or concerns, please contact Bonnie Bergsma at (867) 496-2778 or by email at bonnie.bergsma@slwb.com.

Yours Sincerely,

Larry Wallace, Chair
