Dear Mr. Hansen,

Re: Husky Oil Operations Ltd. – Request for Approval of 2016 Targeted Surface Water Monitoring Event and Request for Deferral of 2016 Groundwater Monitoring Event for Land Use Permit S12X-006 (Groundwater Investigation Program)

Thank you for your letter dated August 18, 2016, requesting, as per Land Use Permit S12X-006, an approval of 2016 targeted surface water monitoring and a waiver to the requirement for annual groundwater monitoring program associated with the Slater River Project for the calendar year 2016.

On September 7, 2016, the Board met to consider Husky's above request, and given that Husky does not have any exploration plans for the Slater River Project in 2016, the Board has approved the request to defer the Annual Groundwater Monitoring Program for the calendar year 2016.

The Board has also approved the 2016 Targeted Surface Water Monitoring Program. The Board approved this program with an understanding that the scope of Husky's work on the program in 2016 is the same as the 2015 program, as described in Husky's letter to the Board dated [August 17, 2015](#) and the Board's confirmation letter dated [September 29, 2015](#).

If you have any questions or concerns, please contact Bakhtiyor Mukhammadiev at (867) 598-2413 ext. 223 or email at b.mukhammadiev@slwb.com.

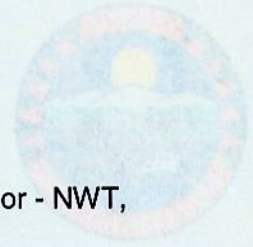

Yours sincerely,

A handwritten signature in black ink, appearing to read "Larry Wallace".

Dear Mr. Hansen,

Re: Husky Oil Operations Ltd. – Request for Approval of 2016 Targeted Surface Water Monitoring Event and Request for Details of 2016 Groundwater Monitoring Event for Land Use Permit 815X-008 (Groundwater Investigation Program)

Thank you for your letter dated August 16, 2016, requesting an approval for annual approval of 2016 targeted surface water monitoring and a waiver to the requirement for annual groundwater monitoring program associated with the Sitar River Project for the calendar year 2016.

On September 7, 2016, the Board met to consider Husky's above request, and given that Husky does not have any exploration plans for the Sitar River Project in 2016, the Board has approved the request to defer the Annual Groundwater Monitoring Program for the calendar year 2016.

The Board has also approved the 2016 Targeted Surface Water Monitoring Program. The Board approved the program with an understanding that the scope of Husky's work on the program in 2016 is the same as the 2015 program, as described in Husky's letter to the Board dated August 17, 2015 and the Board's conditional letter dated September 28, 2015.

If you have any questions or concerns, please contact Eshvory Mukhrametiev at (867) 555-5410 ext. 223 or email at mukhrametiev@nwt.com.

Yours sincerely,

Larry Wallace
Chair
