Ms. Jenica von Kuster
Environmental & Regulatory Advisor – NWT
Husky Oil Operations Limited
Box 6525, Station D
Calgary, AB T2P 3G7

Dear Ms. von Kuster,

Husky Oil Operations Ltd. – Request for Approval of 2017 Targeted Surface Water Monitoring Event and Request for Deferral of 2017 Groundwater Monitoring Event for Land Use Permit S12X-006 (Groundwater Investigation Program) – Approval

Thank you for your letter dated August 8, 2017, requesting an approval of the 2017 targeted surface water monitoring and deferral of the annual groundwater monitoring program associated with the Slater River Project for the calendar year 2017.

Given that Husky does not have any exploration plans for the Slater River Project in 2017, the Board has approved the request to defer the Annual Groundwater Monitoring Program for the calendar year 2017. The Board has also approved the 2017 Targeted Surface Water Monitoring Program. The Board has approved this program with an understanding that the scope of Husky's work on the program in 2017 is the same as the 2015 program, as described in Husky's letter to the Board dated [August 17, 2015](#) and the Board's confirmation letter dated [September 29, 2015](#).

If you have any questions or concerns, please contact Bakhtiyor Mukhammadiev at (867) 598-2413 ext. 223 or email b.mukhammadiev@slwb.com.

Yours sincerely,

Larry Wallace
Chair
