RE: Request for Extension - *Husky Oil Land Use Permit S13A-002 and Water License S13L1-005, Exploration License Blocks 462 & 463*

Dear Angela:

Further to our phone conversations today, we hereby request an extension of the comment timeline to Tuesday at midnight. We are making a transition to new staff, and this has caused some delays in review of the binder that was delivered to us. As well, there was a misunderstanding that the application might be delayed, given that the timeline for the proposed work has been delayed for a year.

We are planning a meeting of the TRRC on Tuesday afternoon following the return of travelling Council members, and expect to complete our comment letter by that time.

Sincerely,

Stacey Hood, Office Manager
for David Menacho, President
