Land Use Permit Application for:
New Land Use Permit **Amendment X to** S15E-004

1. Applicant's name and mailing address: See original application	Fax number: See original application Telephone number: See original application
2. Head office address: See original application Field supervisor: Radiotelephone:	Fax number: See original application Telephone number: See original application
3. Other personnel (subcontractor, contractors, company staff etc.) See original application TOTAL: (Number of persons on site)	
4. Eligibility: (Refer to section 18 of the <i>Mackenzie Valley Land Use Regulations</i>) See original application a)(i) a)(ii) a)(iii) b)	
5. a) Summary of operation (Describe purpose, nature and location of all activities.) <p>The summary of the operation is the same as in the original application. The Department of Transportation has decided to increase the area of the new quarry to improve the operational flexibility of the contractor in developing the quarry. There is no other operational change from the original application. The land use activities are identical and the amount of rock to be extracted is the same as in the original application. The increased quarry size does bring the quarry area closer to Eddie Lake but a 100 m buffer has been maintained by deleting a corner of the new proposed area.</p> <p>The DoT is requesting the Board to issue this amendment under the authority provided to it by Section 26(2) of the MVLUR to amend permit conditions including changing the location and area of a proposed land use operation as per Section 26(1)(a) of the MVLUR.</p> <p>Attached to this document is the revised Appendix D from our original application. The new GPS coordinates for the corners of the quarry area are listed in Section 1.4 and the new quarry area is shown in Figure Q-2.</p> <p>b) Please indicate if a camp is to be set up. (Please provide details on a separate page, if necessary.)</p> See original application	

6. Summary of potential environmental and resource impacts (describe the effects of the proposed land-use operation on land, water, flora & fauna and related socio-economic impacts). Use separate page if necessary.)

See original application

7. Proposed restoration plan (please use a separate page if necessary).

See original application

8. Other rights, licences or permits related to this permit application (mineral rights, timber permits, water licences, etc.)

See original application

Roads: Is this to be a pioneered road? Has the route been laid out or ground truthed?

9. Proposed disposal methods.

To complete this section of the application form, a Waste Management Plan for the proposed activities is to be developed in accordance with the Board's *Guidelines for Developing a Waste Management Plan* (accessible at www.slwb.com) and submitted as an attachment to the application form. A template for this Plan is provided in the *Guidelines*.

See original application

- a) Garbage:
