Canyon Creek All Season Access Road: Land Use Permit S15E-004 Extension

The Government of the Northwest Territories' Department of Infrastructure (GNWT-INF) is pleased to submit a 2 year extension request for the Canyon Creek All Season Access Road's Land Use Permit (S15E-004). The purpose of the extension is to conduct the required work to stabilize the sediment and erosion issues occurring along the Canyon Creek All Season Access Road. The work will be a continuation of activities already permitted as no new activities are being proposed, and therefore a preliminary screening will not be required.

The attached Engagement Record provides details of the engagement that was undertaken with the affected parties in regards to this extension. Should you have any questions or comments please contact me at (867) 767-9083 ext. 31056 or by email at Nathalie_Oldfield@gov.nt.ca at your earliest convenience.

Sincerely,

Nathalie Oldfield
