Dear Board Members:

Re: DEMCO Land Use Permit # S15H-003

DEMCO Ltd held Land Use Permit #S15H-003 for Fuel Storage at the Terra Mine Site, Camsell River that expired on August 9, 2020. We wish to advise the fuel barrels, berm and miscellaneous garbage have been removed from the property.

Please find attached current photos of the former fuel cache site which demonstrate it has been cleared. Please note the drums and berm in the background belong to CARD.

We trust we are now in compliance with the terms of Land Use Permit. Should you have any questions, please contact our office at (867) 920-2764.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Darrell Beaulieu', with a long horizontal flourish extending to the right.

Darrell Beaulieu
