Dear Ms. McKenzie,

**Re: Closure and Reclamation Plan Version 1.0 – Board Approval as submitted  
Saline River Line 21 Pipeline Integrity Digs Project**

The Sahtu Land and Water Board (SLWB or the Board) met on March 26, 2018 to consider the Closure and Reclamation Plan submitted by Enbridge Pipelines (NW) Inc. to satisfy Part I, Condition 1 of License S17L1-004.

The Board hereby approves the Closure and Reclamation Plan, Version 1.0, as submitted on February 28, 2018.

The Board does however require that Enbridge includes water quality monitoring data from the Project for turbidity in the **Annual Water Licence Report (AR)** as required under Part B, Condition 8; which is due March 21, 2019. Also, Enbridge is reminded of the **Annual Progress Report** that has the same submission deadline as the AR; which is required under Part C, Condition 7 of Permit S17P-005

The ongoing full cooperation of Enbridge is anticipated and appreciated. If you have any questions or concerns, please contact Sabrina Sturman at (867) 598-2413 ext 224 or email [sabrina.sturman@slwb.com](mailto:sabrina.sturman@slwb.com).

Yours sincerely,

Philippe di Pizzo  
A/Chair, Sahtu Land and Water Board
