Dear Mr. Cushman

S17L1-004 Line 21 Liquids Pipeline – Integrity Digs (2) Saline River -**

The Sahtu Land and Water Board (SLWB or Board) met on January 29, 2018 to consider Enbridge Pipelines (NW) Inc. (Enbridge)'s Land Use Permit (S17P-005) and Water Licence (S17L1-004) applications for the Line 21 Liquids Pipeline Integrity Dig Project at the Saline River. The Board has determined pursuant to section 22(2)(b) of the *Mackenzie Land Use Regulations* that further study needs to be conducted. The Board requires additional time to consider the information provided by Enbridge as adequately addressing the Stakeholder recommendations submitted during the public review.

A determination will be made by the Board on Permit Application S17P-005 at the same time as Water Licence Application S17L1-004 on February 6, 2018.
