Dear Ms. White,

**Re: Type B Water Licence Application  
Norman Wells Soil Treatment Facility  
Deemed Complete**

The Sahtu Land and Water Board (SLWB or Board) received your Type B Water Licence application for S18L1-002 on August 7, 2018. After careful review of the application, the application have been "Deemed Complete" as of today. Your Water Licence Application will be processed in accordance with the Mackenzie Valley Resource Management Act (MVRMA). Following review of the application, the SLWB will take one of the following actions:

1. Issue a Type B licence, subject to any conditions included under section 72 of the MVRMA;
2. Order that a hearing be held, under section 72.15 of the MVRMA;
3. Refer the Application to the Mackenzie Valley Environmental Impact Review Board (MVEIRB) for an environmental assessment under subsection 125(1) of the MVRMA; or
4. Where a requirement set out in section 61 or 62 of the MVRMA has not been met, refuse to issue a licence.

We will circulate the applications to review organizations today and will complete a Preliminary Environmental Screening and draft Water Licence upon receipt of responses from these organizations. Additional information may be required during the review. If you require additional information or clarification please do not hesitate to contact me at (867) 496-2778 or by email [bonnie.bergsma@slwb.com](mailto:bonnie.bergsma@slwb.com).

Regards,

Bonnie Bergsma, M.Sc.  
Regulatory Specialist
