

Subject: S18L3-001- Hazardous waste

Date: Friday, May 29, 2020 at 2:08:37 PM Mountain Daylight Time

From: Ash Varghese

To: kirk.dolphus@gov.deline.ca

Hello Kirk,

As a follow up to our telephonic conversation a few minutes ago, I am hereby sending you the link to the [Operation and maintenance Plan](#) for Deline's solid waste facility (SWF). It shows that Deline's SWF is not registered to accept hazardous wastes. Hence, the different hazardous wastes are collected, sorted and safely stored temporarily at designated locations before shipping to registered hazardous waste facilities.

As mentioned in my e-mail to Sudhansu (copied to you) on May 26, 2020, the Deline Gotine Government has to hire a professional engineer to design the food dumping site/ composting facility. The plan must be submitted to SLWB, which will then undergo a public review before SLWB decides on the approval of the plan.

Please let me know if you have other questions/ concerns.

Thanks,
Ash

Dear Sudhansu,

I am good, thank you.

Thank you for forwarding the query on the food dumping site for Deline. I had a quick scan of the water [licence](#) and the [operation and maintenance plan](#), which shows no designated food waste dumping/composting site. The currently approved plan shows that food waste is landfilled along with yard waste.

It's a good idea to develop a composting facility in the new dumping site, but, Deline Gotine Government (DGG) has to hire a professional engineer to design the facility. The DGG has to update its Operation and Maintenance for the solid waste facility, and then submit the same to SLWB for approval.

I am currently dealing with other urgent files/applications, and hence, I will review this case next week and will get back to you by Wednesday, June 3, 2020.

Thank you very much.

Subject: FW: Deline Question re Food Dumping site

Good morning Aswathy,

How are you doing?

Please see the email we received from Kirk Dolphus from DGG re his enquiry about a separate food dumping spot at their new dump site. I am not heard of anything like this.

Do you have any suggestion for DGG?

I wish you all have a great day ahead.
Thanks,
Sudhansu

Subject: food dumping site

Morning,

Someone mentioned that we should have a separate food dumping site at new dump site. My issue with it is, our water license may forbid it, can you verify it?
