Re: Astro Property, Mackenzie Mountains, NT

Dear Paul, Bonnie and Aswathy:

Please find enclosed documentation on the behalf of Evrim Exploration Canada Corp (Evrим) as required for the Land Use Application (Type A) for proposed mineral exploration activities on the Astro Property.

Included in this documentation you will find:

- Evrim's Certificate of Business registration
- Engagement Plan
- Project Description
- Spill Contingency Plan
- Waste Management Plan
- Wildlife, Environmental and Archaeology Plan
- New Land Use Form (Type A) with Supplemental Information
- Closure and reclamation plan
- Digital data supporting the application

The cheque for the application amount is in the mail to Fort Good Hope and a scan of the cheque is attached to this document.

Evrим understands that the Astro Property is located within Special Management Zone number 38 (Mackenzie Mountains) and this Land Use Permit application has conformed with Conformity Requirements 1 through 14 as described in the finalized Sahtu Land Use Plan. The section of the document related to each conformity requirement is outlined below:

| Conformity Requirement | Application Section(s) | Supporting Evidence | Board Staff Review |
|---|------------------------|--|--------------------|
| General Conformity Requirement | | | |
| CR#1 – Land Use Zoning | Project Description | Maps. List of mineral Tenure. | |
| CR#2 – Community Engagement and Traditional Knowledge | Engagement Plan | Engagement Log. Meeting minutes from 3 trips to Sahtu region. TK study in process with Tulita Renewable Resources Corp. | |
| CR#3 – Community Benefits | Engagement Plan | Evrin employed 2 Sahtu hires in 2018 and made contributions to various businesses with connections to Sahtu land corporations in 2017 and 2018. Engagement Log. Meeting minutes from 3 trips to Sahtu region. Traditional Knowledge study in process with Tulita Renewable Resources Council. | |
| CR#4 – Archaeological Sites and Burial Sites | Archaeological Plan | Confirmation from Prince of Wales Northern Heritage Centre of no know archaeological sites within 150 m of the Astro project. TK study in process with Tulita Renewable Resources Council. | |
| CR#5 – Watershed Management | Spill Contingency Doc | Spill contingency planning. Waste Management planning, including water usage volume. Minimum setbacks from watercourses. | |
| CR#6 – Drinking Water | Spill Contingency Doc | Spill contingency planning. Waste Management planning, including water usage volume. Minimum setbacks from watercourses. | |
| CR#7 – Fish and Wildlife | Wildlife Plan | Communication with ENR. TK Study. RRC engagement. Spill contingency planning. Waste Management planning, including water usage volume. No in-water construction. Minimum setbacks from watercourses. Vertical and horizontal separations from wildlife be helicopters, avoid sensitive time periods such as calving and kidding. Critical wildlife | |

| | | | |
|---|------------------------------|--|--|
| | | polygons received from ENR | |
| CR#8 – Species Introductions | Wildlife Plan | Communication with ENR. TK Study. RRC engagement. Properly cleaned equipment. No non-native seed mixes used for reclamation activities. | |
| CR#9 – Sensitive Species and Features | Wildlife Plan | Communication with ENR. TK Study. RRC engagement. Accessed current data sources from ENR. No activity within 100m of a known mineral lick. No activity within 500 m of hot or warm springs, or glacial refugia; identification of any warm or hot spring or refugia. | |
| CR#10 – Permafrost | Application Form | Permafrost mitigation strategy. | |
| CR#11 – Project-Specific Monitoring | Environmental Plan | Monitoring plan and supporting documentation. Engagement record. Monitoring of camp activities, regular inspections of drill sites for potential impacts to waters. Archaeological chance finds procedures. | |
| CR#12 – Financial Security | Closure and Reclamation Plan | Closure and reclamation plan. Waste Management plan | |
| CR#13 – Closure and Remediation | Closure and Reclamation Plan | Closure and reclamation plan. Waste Management plan. Engagement record | |
| Special Management Conformity Requirements | | | |
| CR#14 – Protection of Special Values | Environmental Plan | TK Study. Environmental plan. Project Description. In special management zone #38. Not in conservation zone or proposed conservation initiative. | |
| CR#15 – The Great Bear Lake Watershed | N.A. | | |
| CR#16 Fish Farming and Aquaculture | N.A. | | |
| CR#17 – Disturbance of Lakebed | N.A. | | |

| | | | |
|---|------|--|--|
| CR#18 – Uses of Du K’ets’Edi Conservation Zone (Sentinel Islands) | N.A. | | |
| CR#19 – Water Withdrawal | N.A. | | |

If you have any questions or comments on this application, please call me at (604) 248-8662.

Sincerely,

Stewart Harris
