Sub: Administrative Amendment to the Preliminary Screening Report for GNWT-INF's PCAR Construction Project; Applications for Type A land Use Permit S20E-005 and Type B Water Licence S20L8-002

Dear JoAnne Deneron,

This communication is to let you know that the Preliminary Screening Report for GNWT-INF's PCAR Construction Project (SLWB Meeting date October 27, 2020) underwent an Administrative Amendment. Following is the change made to the document.

Page 2 of the Preliminary Screening Report sent to MVEIRB on October 28, 2020, says, "Any outstanding/unforeseen geotechnical work related to this project have to be dealt with under the previously issued land use permits S20S-001 (PCAR geotechnical investigation) and S15E-004 (CCASAR Project under which the Edie Lake Quarry was commissioned)."

It is now changed to "Any outstanding/unforeseen geotechnical work related to this project have to be dealt with under other existing or new authorizations, as applicable."

If you have any questions or concerns, please contact Aswathy Mary Varghese at (867) 598-2413 ext. 223 or by e-mail at ash.varghese@slwb.com.

Sincerely,

Larry Wallace
Chair, Sahtu Land and Water Board

Attachment: Preliminary Screening (October 27, 2020) with the above-mentioned Administrative Amendment
