

	A	B	C	D
1	Municipal Water Licence Annual Report			
2	Community Government of Gameti			
3	Licence #: W2008L3-0003			
4	Reporting Year: 2015			
5	Expires: December 22, 2018			
6				
7	The Licensee shall file an Annual Report with the Board not later than March 31th of the year following the calendar year reported which shall contain the following information:			
8				
9	<b>1. Water Usage</b>			
10	Licenced Water Volume Withdrawal: 12,000 m3			
11				
12	Total volume withdrawal for reporting year: 8,509.71			
13				
14	Table 1 - Monthly & Annual withdrawal volumes pumped			
15	Month	Volume from main source (m3)	Volume from any source (m3)	Total Volume (m3)
16	January	766.40		
17	February	579.83		
18	March	589.40		
19	April	722.00		
20	May	804.50		
21	June	812.20		
22	July	871.21		
23	August	645.20		
24	September	551.00		
25	October	687.64		
26	November	781.01		
27	December	699.32		
28	<b>TOTAL</b>	<b>8509.71</b>		
29	% Increase/decrease from previous year	-16.00%		
30				
31	Reason for exceeding licenced withdrawal volume (if applicable):			
32				
33	General Information:			
34	Information regarding any modifications to the water withdrawal procedure or facilities should be included here. If necessary please attach any relevant reports to the end of this document.			
35				
36	<b>2. Solid Waste Disposal</b>			
37	Approximate total yearly volume of solid waste deposited: 1264.04			
38	Table 2 - Monthly solid waste disposal volumes			
39	Month	Volume of solid waste deposited		
40	January	110.40		

	A	B	C	D
41	February	101.20		
42	March	94.36		
43	April	98.85		
44	May	98.78		
45	June	87.90		
46	July	108.56		
47	August	119.10		
48	September	115.00		
49	October	100.10		
50	November	112.90		
51	December	116.89		
52	<b>TOTAL</b>	<b>1264.04</b>		
53				
54	% Increase/decrease from previous year	-26.00%		
55	GNWT - MACA has provided a standard formula for estimating the amount of solid waste deposited into a Solid Waste Facility in the absence of a metered Garbage Truck. The following can be used: Volume per person per day X number of days x population.			
56	e.g. 0.015m <sup>3</sup> X 30 days X 860 people = 387 m <sup>3</sup> of domestic trash deposited into Solid Waste Facility in a 30 day month.			
57				
58	Reasons for increase/decrease: (e.g. an industrial project close to the Town of Gameti, or a large influx of people into town). The decrease is insignificant.			
59	General information:			
60	Information regarding any agreements with outside organizations to be a waste receiving facility should be outlined here along with an estimate of the amount and type of waste to be received.			
61				
62				
63	<b>3. Sewage Deposited to Primary Sewage Cells</b>			
64	Table 3 - Monthly sewage waste volumes deposited			
65	Volume of Sewage deposited 1,639.00 m <sup>3</sup>			
66	Month	Pumper Truck	Utilidor	Total
67	January	139.20		
68	February	135.36		
69	March	132.75		
70	April	140.36		
71	May	136.74		
72	June	139.26		
73	July	136.78		
74	August	137.90		
75	September	128.95		
76	October	138.30		
77	November	137.85		

	A	B	C	D
78	December	135.55		
79	<b>TOTAL</b>	<b>1639.00</b>		
80				
81	Is this an estimated volume?		NO	
82				
83	% Increase/decrease from previous year	-45%	It is computed per truck load	
84				
85	To calculate monthly sewage waste deposited to the Primary Lagoon, please provide the above information if metered information is available. If metered information is not available, please fill in the table using the corresponding TOTAL water volumes from Table 1. This provides estimation only and equals water in/sewage out.			
86				
87	Reasons for increase/decrease: (e.g.: an industrial project close to the Town of Gameti, or a large influx of people into town).			
88	Decrease is not significant.			
89	Has any sludge been removed from the primary sewage cells or from Rae Lakes during this reporting year? If so, what volume of sludge was removed? What testing was completed on the sludge and where it was disposed of? Please provide documentation for testing and AANDC Water Licence Inspector approval of placement.			
90				
91	Was there any decanting at Rae Lakes this reporting year? Please provide dates. What was the decant duration and the approximate volume decanted? As this is a Surveillance Network Program (SNP) site, the resulting testing is to be presented as part of the tabular SNP data to be provided as per the Water Licence (Part B (1)(d).			
92				
93	4. Problems, modifications or repairs completed during the year on water supply and waste disposal facilities.			
94	Include any work done to infrastructure for all facilities completed during the year in this section. This include any changes, repairs and modifications. If any problems occurred during the year, please note them here. If there are no changes, make note of that. If required please attach any as-built drawings or reports as an appendices to this report.			
95				
96	5. Surveillance Network Program Data			
97	Surveillance Network Program (SNP) information is to be submitted in a tabular format and shall indicate date of testing, parameters tested for and any other information requested by the AANDC Water Licence Inspector or the WLWB. (This section can be completed separately on an Excel worksheet - WLWB excel template.			
98				
99	6. SNP Sample Locations			
100	Map Attached			
101				
102	7. Unauthorized discharges			

	A	B	C	D
103	List any unauthorized discharges here including any spills, how and when they were reported, and how they were cleaned up. Please attach copies of spill reports, correspondence with the AANDC Water Licence Inspector or any other pertinent documentation as an appendices to this report.			
104				
105	8. Spill Training and Communications Exercises			
106	List any spill training and communications exercises that have been carried out including courses on spills prevention, waste management, SNP sampling, etc.			
107				
108	9. Abandonment and restoration			
109	Include any abandonment and restoration details here including any work anticipated to be completed during the next year. If required please attach any as-built drawings or reports as an appendices to this report.			
110				
111	10. Studies requested by the Board			
112	If the Board has requested that specific studies be completed, include details of the plan in this section with a summary of the outcome. Include any attachments with the submission of the Annual Report.			
113				
114	11. Updates or revisions to approved plans			
115	Details on any changes to approved plans such as the O & M Plan, the Closure and Reclamation Plan, the Spill Contingency Plan, or any other that is specific to this Municipal Water Licence. Please attach documents as appendices to this report.			
116				
117	12. Other Information			
118	* Include any other information here that may be valuable to the WLWB or to AANDC.			
119	* Include details on upcoming studies that will be completed.			
120	* Please include any non-compliance items identified in the AANDC Water Licence Inspection report and detail how the Town of Gameti is addressing them.			
121	* If there is any contaminated soil piles currently in use (land farming), please list the details of containment, remediation and progress in this section			
122	* Please identify any on-going compliance issues for the Town of Gameti. This can facilitate discussions to resolve the issues.
