Dear Sean Sinclair,

Re: Storage Authorization

On May 9, 2019, the Wek'èezhìi Land and Water Board (WLWB) met and considered Diavik Diamond Mines (2012) Inc.'s (Diavik) request for a storage authorization pursuant to section 16 of the Mackenzie Valley Land Use Regulations (MVLUR). The WLWB has approved Diavik's request and hereby authorizes Diavik to store the items listed in association with Land Use Permit W2010J0002 from May 10, 2019 until May 10, 2020.

Please note that as per subsection 16 (3.1) of the MVLUR, the WLWB may issue a maximum of one subsequent authorization for a period of up to one year for the same operation. This is the second and final storage authorization that can be issued for Permit W2010J0002.

If Diavik wishes to continue its operations, a new land use permit application must be submitted. Should Diavik not wish to continue future operations, prior to the expiring date of this storage authorization for Land Use Permit W2010J0002, Diavik must complete the removal of all buildings and equipment pursuant to subsection 16(1) of the MVLUR, restore the permit area to section 15, and submit a final plan pursuant to section 29.

Diavik's full cooperation is anticipated and appreciated. Please contact Roberta Judas, Regulatory Technician at (867) 713-2500 or email rjudas@wlwb.ca, if you have any questions.

Yours Sincerely,
