Right now, we're just looking to NewN to confirm (in writing) that agree that they'll sign the agreement in person when they present to C&C as part of the agreement accommodations.

- Just a placeholder in between now and then...so that they can't just decide nope, we got our permits, we're good (AngloA style)

I tried to get the C&C to let us arrange signatures now, but it was at the end of a long and contentious night...and they wanted to sign in person. However minor, it wasn't worth it to push.

Hey Todd, just to be clear, is the YKDFN now satisfied that engagement has been adequate (and concerns addressed), or will the YKDFN be satisfied only when the agreement is actually signed?

If New Nadina was in a hurry I suppose they could sign the agreement electronically and send to you - would YKDFN then be able to notify the WLWB that engagement has been adequate and concerns have been addressed, if signing in person is difficult to schedule.

Since MVLUR 22-2-b was invoked for this permit application last September, what the WLWB has been seeking from the YKDFN is notification of whether engagement with New Nadina has been adequate and whether YKDFN concerns have been addressed. Once we receive such notification, the Board will consider the permit application and, if approved, will issue a permit.

Thanks in advance for the clarification,

Brett

Hi Brett - Once Ellen confirms that this is acceptable, then yes I'd confirm that accommodations are in place to address concerns associated with this program.

Cheers,

Thanks Todd, we'll consider this as notice that the YKDFN is satisfied that engagement has been adequate for this stage of the project, and the Board will consider New Nadina's Land Use Permit Application at its next meeting.

Masi,

brett

Hi Brett, Ellen, I wanted to get in touch right away.

This was approved by YKDFN council tonight and we'll be contacting Ellen to complete signatures. Chief and Council indicated that they would prefer to sign it in person, ideally when the company comes to present the project to YKDFN Chief and Council. I'll look to make arrangements as soon as possible

- The Chiefs EA is on vacation starting Monday and we're both in hearings through the end of the week, so timing is awkward. However, if Ellen confirms that this is acceptable - then the consultation road is established and we can figure out the signatures and meeting date after Shannon is back.

Cheers.
