Dear Ellen Clements,

Final Plan Request – Mineral Exploration and Camp at Lac de Gras, NT

Based on our land use records, Land Use Permit W2011C0004 expires on September 4, 2019. Pursuant to subsection 26(6) of the Mackenzie Valley Land Use Regulations, no further extensions of this Permit can be considered. Restoration, as well as clean up and removal of equipment, materials, buildings, etc., must now be completed.

Pursuant to Section 29 of the Mackenzie Valley Land Use Regulations, New Nadina is now required to submit a final plan with the following content:

1. A map, normally at a scale of 1:50,000 showing the location, area, and distances of all land use operations. Sketches are acceptable but all maps must have the north indicator, scale, and coordinates clearly marked.
2. A summary of the hectares utilized in each aspect of the land use operation; and
3. A calculation of land use fees.

Should New Nadina Explorations Limited (New Nadina) wish to continue its land use operations, it may apply for a new land use permit, pursuant to Section 19 of the Mackenzie Valley Land Use Regulations. If New Nadina would like to apply for a new permit, please submit the permit application a minimum of 60 days prior to the expiry date of Land Use Permit W2011C0004. Please refer to the Boards' [Guide to the Land Use Permitting Process](#) when preparing the application and contact Board staff with any questions. As per the Board's [Engagement and Consultation Policy](#), New Nadina must conduct pre-submission engagement prior to submitting a land use permit application. Please refer to the Boards' [Engagement Guidelines for Applicants and Holders of Water Licences and Land Use Permits](#) for information and guidance on pre-submission engagement. As per Section 3.2.2 of the Board's [Guide to the Land Use Permitting Process](#), engagement should be initiated well in advance of the submission of the application.

If you have any further questions, please contact me at (867) 713-2500 or e-mail rjudas@wlwb.ca.

Yours Sincerely,

A handwritten signature in black ink, appearing to read "Roberta Judas". The signature is written in a cursive style with a large initial 'R'.

Hello Ellen,

Please see attached a request for final plan for Land Use Permit W2011C0004, for Mineral Exploration in the Lac de Gras, NT area.

Because an extension to the Permit is not possible, should New Nadina Explorations Limited (New Nadina) require additional time to complete the land use operation, it may apply for a new land use permit. Should New Nadina wish to apply for a new permit, please see section 4.4.5 of the [MVLWB Guide to the Land Use Permitting Process](#) regarding renewals. As per the Board's [Engagement and Consultation Policy](#), New Nadina must conduct pre-submission engagement prior to submitting a land use permit application. Please refer to the Boards' [Engagement Guidelines for Applicants and Holders of Water Licences and Land Use Permits](#) for information and guidance on pre-submission engagement. The pre-submission engagement Contact List has been attached to this email.

Should you have any questions or concerns regarding this email or the attachment please don't hesitate to contact Board staff.

Masi,

Roberta Judas
