Re: Land Use Permit #W2013F0003

Dear Mr. Fequet:

Tli Cho Landtran Transport Ltd would like to exercise the option of not extending Land Use Permit #W2013F0003 and thereby closing out the permit.

Please note, during the 5 year term, that the Permit was never activated by Tli Cho Landtran Transport and therefore no environmental impact was realized to the lands, waterways or wildlife.

Our company would like to thank the Wek'eezhii Land and Water Board for the consideration and granting of the request and issuance of the permit in 2013.

Respectfully:

Doug Coulter

General Manager

Tli Cho Landtran Transport/Ventures West Transport
