Dear Mark Kolebaba,

**Final Plan Request – Mineral Exploration at Hepburn Lake, NT**

From our land use records, Land Use Permit W2015C0002 expires on March 25, 2020. Prior to the expiry date of this permit, restoration, clean up and removal of equipment, materials, building, etc., must be completed.

Should Adamera Minerals Corp. require additional time to complete its land use operation, refer to Section 26(6) of the *Mackenzie Valley Land Use Regulations* regarding extensions to a land use permit. An extension request of not more than two (2) years must be received before the expiry date of the permit. If an extension of the permit is not requested, pursuant to Section 29 of the *Mackenzie Valley Land Use Regulations*, Adamera Minerals is required to submit a Final Plan within sixty (60) days of expiry including:

1. A map, normally at a scale of 1:50,000 showing your location, area, and distances of all land use operations. Sketches are acceptable but all maps must have the north indicator, scale and coordinates clearly marked.
2. A summary of the hectares utilized in each aspect of the land use operation; and
3. A calculation of land use fees.

If Adamera Minerals Corp. has any further questions, please contact me at (867) 713-2500 or e-mail [rjudas@wlwb.ca](mailto:rjudas@wlwb.ca).

Yours Sincerely,
