Dear Mr. van Egmond,

Version 2.0 of Platinum Group Metals Ltd.'s Engagement, Waste Management, and Spill Contingency Plans

On May 12, 2016, the Wek'èezhìi Land and Water Board (the Board) met to review Version 2.0 of Platinum Group Metals Ltd.'s (PGM) Engagement, Waste Management, and Spill Contingency Plan submitted under Land Use Permit W2015C0008.

The Board has approved Version 2.0 of its Engagement, Waste Management, and Spill Contingency Plan as it believes the updated plans, together with the information provided during the review period, satisfy the MVLWB (2011) *Guidelines for Developing a Waste Management Plan*, MVLWB (2013) *Engagement Guidelines for Applicants and Holders of Water Licences and Land use Permits*, the INAC (2007) *Guidelines for Spill Contingency Planning*, and reflect the changes required by the Board during the issuance of Land Use Permit W2015C0008. The Board requests that, when PGM submits their next revision of the Spill Contingency Plan (Version 3.0), that the revision include the commitments made during the Version 2.0 review process as detailed in the attached Reasons for Decision.

The Board would like to take this opportunity to clarify that, as per condition #46 of W2015C008, PGM is to annually review their management plans and make any necessary revisions to reflect changes in operations, technology, chemicals, or fuels, or as directed by the Board and submit them for approval. Therefore, PGM is not expected to submit new versions of management plans on an annual basis unless there have been specific changes or a request from the Board.

If you have any questions or concerns, please contact Jessica Pacunayen at (867) 765-4591 or email jpacunayen@wlwb.ca.

Yours Sincerely, ,

A handwritten signature in black ink, appearing to read "Violet Camsell-Blondin".

Violet Camsell-Blondin

Chair, Wek'èezhìi Land and Water Board
