To Diavik Diamond Mines (2012) Inc.,

Re: Information Request to Diavik Diamond Mines (2012) Inc. (application # W2015L2-0001)

The Wek’eezhii Land and Water Board (the Board) is currently reviewing parties’ comments on the draft Water Licence and closing arguments, and would like to thank all parties for their participation in this proceeding thus far.

As per rule #46 of the Boards’ Rules of Procedure, the Board is issuing an Information Request to Diavik Diamond Mines (2012) Inc. (DDMI). The purpose of this Information Request is to ensure that the Board has clear and complete information regarding the types of waste streams authorized under DDMI’s Water Licence, and specifically as a result of DDMI’s comments on the draft Water Licence and closing arguments related to Part H, Item 1.

IR#12: DDMI
The Board requires DDMI to provide the following information:

1. Complete the following table by listing every actual and potential Discharge to Lac de Gras during operations, noting the relevant Licence condition:

<table>
<thead>
<tr>
<th>Wastestream (list all)</th>
<th>Authorizing WL Condition (current WL)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dike seepage water</td>
<td>Part H, Item 6d (see also Part G.1.e)</td>
</tr>
<tr>
<td>Etc.</td>
<td></td>
</tr>
</tbody>
</table>

2. Identify any wastestreams that are discharged indirectly (e.g., to land or to groundwater) to the Receiving Environment.

As per rule #48 of the Board’s Rules of Procedure, the Board requires DDMI to provide this information by 12:00pm noon MST on Friday, July 31, 2015. If parties choose to provide additional comments and/or refine their closing arguments related to or as a result of this information, they must do so on or before 12:00pm MST on Wednesday, August 5, 2015. If the proponent wishes to respond or adjust their closing arguments as a result of this Information Request, they must do so on or before 12:00pm MST, Friday, August 7, 2015.
All information regarding this Water Licence Renewal application proceeding will be posted on the WLWB’s online registry at www.wlwb.ca, and Board staff will circulate DDMI’s response to this Information Request, and comments from reviewers, and any final response from DDMI in a timely manner. If you have any questions please contact Ryan Fequet at rfequet@wlwb.ca or 867-765-4589.

Sincerely,

Ryan Fequet,
Executive Director, Wek’èezhii Land and Water Board
