Dear Claudine Lee,

RE: Final Plan Request - Sable Development at Ursula Lake, NT

Based on our land use records, Land Use Permit W2016D0003 expires on May 11, 2021. Prior to the expiry date of this permit, restoration, clean up and removal of equipment, materials, building, etc., must be completed.

Should you require additional time to complete your land use operation, refer to subsection 26(6) of the Mackenzie Valley Land Use Regulations (MVLUR) regarding extensions to a land use permit. An extension request of not more than two (2) years must be received before the expiry date of the permit. If an extension of the permit is not requested, pursuant to subsection 29 of the MVLUR, the Permittee is required to submit a Final Plan within sixty (60) days of expiry including:

1. A map, normally at a scale of 1:50,000 showing your location, area, and distances of all land use operations. Sketches are acceptable but all maps must have the north indicator, scale and coordinates clearly marked.
2. A summary of the hectares utilized in each aspect of the land use operation; and
3. A calculation of land use fees.

If you have any further questions, please contact me at (867) 713-2500 or e-mail rjudas@wlwb.ca.

Sincerely,
