Good afternoon Lisa and Andrew,

In review of Version 3.0, the Board directed the Community Government of Whatì (CGW) to report on when it will conduct an environmental assessment of the historically contaminated soil piles and when it plans to submit a reclamation plan for it. The CGW submitted a soil sampling plan with Version 4.0 of the SWF O&M Plan, however, it remains unclear if the CGW has already conducted the Soil Sampling Plan or when the CGW anticipates to conduct the soil assessment in the future. If CGW and/or Dillon could get back to Board staff on an expected date for soil sampling and the associated reclamation plan by end-of-day **Tuesday November, 17, 2020**, that would be greatly appreciated.
