Dear Mr. Dominicata,

**ISSUANCE OF TYPE "B" WATER LICENCE W2018L3-0001**

Attached is Water Licence W2018L3-0001 granted by the Wek'èezhìi Land and Water Board (WLWB) in accordance with the *Mackenzie Valley Resource Management Act* and *Waters Act*. This Licence has been approved for a period of 10 years, commencing on December 21, 2018 and expiring on December 21, 2018.

The Operation and Maintenance Plan for the Water Treatment Plant has been approved. The Operation and Maintenance Plans for the Solid Waste Facility, Sewage Disposal Facility, and the Spill Contingency Plan are required to be resubmitted with further information, as detailed in the attached Reasons for Decision. The Board recommends the Community Government contact Board staff to discuss details related to the required revisions.

Pursuant to Part B, Condition 6, the Licensee must operate in accordance with all approved plans.

Also attached are the general procedures for the administration of licences in the Northwest Territories. The WLWB requests that you review these and contact Board staff with any questions.

A copy of this Water Licence has been filed in the Public Registry at the office of the WLWB. Please be advised that this letter, with attached procedures, all Inspection Reports, and correspondence related thereto, are part of the Public Registry, and are intended to keep all interested parties informed of the manner in which the Water Licence requirements are being met. All Public Registry material will be considered if an amendment to the Water Licence is requested.

The full cooperation of the Community Government of Gamètì is anticipated and appreciated. If you have any questions or concerns, please contact Ryan Fequet at (867) 765-4589 or email at [rfequet@wlwb.ca](mailto:rfequet@wlwb.ca).
