

**Work Plan for the Water Licence Application:
Arctic Canadian Diamond Company Ltd. – W2020L2-0004
Ekati Water Licence Renewal**

Work Plan Timeline

See page 3.

Purpose of the Work Plan

To outline the processes and timelines to be followed for the application for Water Licence W2020L2-0004 (renewal of W2012L2-0001) for the Ekati Diamond Mine.

Background

Arctic Canadian Diamond Company Ltd. (ACDC), formerly Dominion Diamond Mines ULC, submitted a renewal application to the Wek'èezhìi Land and Water Board (WLWB) on November 26, 2020. The existing Licence will be expiring on August 18, 2021. The Applicant is applying for a twenty-six (26) months renewal to the term of its Licence with no other proposed changes to the existing Licence.¹

Scope of the Project

The scope of this project includes water use, diversions, dewatering, and deposits of waste associated with the Ekati Diamond Mine, as described under Part A, condition 1 of the current Water Licence (W2012L2-0001).

Guiding Principles

The following principles will guide the Work Plan of the WLWB throughout this water licence renewal process:

- The licencing and permitting process shall be carried out in a timely manner and shall have regard to the protection of the environment in consideration of the impacts of proposed undertaking and the importance of conservation to the well being and way of life of the Indigenous Peoples of Canada (Section 35 of the *Constitution Act, 1982*);
- The Board will review ACDC's application and consider potential conditions based on evidence and rationale submitted by the applicant and other parties;
- The Board will review ACDC's Application and consider potential conditions in order to meet the Board's mandate and applicable policies, and to ensure consistency in decision-making throughout the Mackenzie Valley; and
- The Board will continue to monitor compliance with existing Water Licence requirements.

Work Plan Objectives

The Work Plan is to achieve the following objectives:

- Compile a broad range of input through the review process;
- Ensure adequate information is gathered to complete the water licensing process;
- Facilitate a thorough, inclusive, and timely water licensing process; and
- Establish Water Licence conditions to ensure adequate protection of the environment.

Opportunities for Engagement

- The Board requires the Proponent to engage with communities and Indigenous organizations regarding applications prior to its submission;
- The Board will distribute the application to all reviewers on the Board's 'Ekati distribution list' – including Indigenous organizations, governments, and communities – for review using the LWB Online Review System;
- The Board will include a notification(s) regarding the review process in the newspaper;

- The Board will hold a public hearing and provide notice to the public of this, in advance, in the newspaper; and
- Any other consultation or engagement activity that the Board considers appropriate.

Revision History

On December 4, 2020, a Draft Work Plan was distributed for review. Comments on the Draft Work Plan were submitted on December 14, 2020. On December 15, 2020, the Work Plan was finalized.

On February 22, 2021, the Work Plan was revised because the Public Hearing was cancelled.
